The report of the committee on credentials was to the effect that there had been no contesting delegations, and it recommended that the published list of delegates in The Heraid-Republican be accepted and, with two corrections, this was carried.

Concerning the Salt Lake Tribune's apology for its statement that Governor William Spry had refused to enter the First Unitarian church last Sunday until forced to do so by President Taft, and that Senator Smoot did not enter at all, and the Tribune statement that it had been imposed upon by a reporter, and that the reporter had been discharged, The Herald-Republican has made a careful investigation of the facts.
